Peter Hayden signs this Certificate of Compliance in accordance with Section 222 of the Communications Act of 1934, as amended, 47 U.S.C. § 222, and Section 64.2009 of Title 47 of the Code of Federal Regulations, on behalf of ICC Long Distance, Inc. d/b/a Innovative Long Distance. This Certification addresses the requirement of 47 C.F.R. § 64.2009 that the company provide both a Certificate of Compliance and a "statement accompanying the certificate" to explain how its operating procedures ensure compliance with 47 C.F.R. §§ 64.2001- 2009. The company adheres to the attached policies, which demonstrate how it is in compliance with federal CPNI rules.

I, Peter Hayden, as an officer of ICC Long Distance, Inc. d/b/a Innovative Long Distance ("the Company"), and acting as an agent of the Company, certify as follows:

1. I am President of the Company. My business address is: P.O. Box 6100, St. Thomas, USVI 00804.
2. I have personal knowledge: (i) of the facts stated in this Certificate of Compliance, and (ii) that the Company has established operating procedures that are adequate to ensure compliance with the Federal Communications Commission's ("FCC") customer proprietary network information ("CPNI") rules.
3. The Company has established a system by which the status of a customer's approval for use of CPNI, as defined in 47 U.S.C. § 222(h)(1), can be clearly established prior to the use of CPNI. The Company relies on the involvement of its high-level management to ensure that CPNI is not used until a full review of applicable law has occurred.
4. The Company has a training program regarding when employees are authorized to use CPNI, as well as when they are not authorized to use CPNI. Company personnel are prohibited from making any decisions regarding CPNI without first consulting with Micaele Breton, Compliance Officer. The Company will discipline personnel who make unauthorized use of CPNI.
5. The Company's policy is to maintain records of its own sales and marketing campaigns that use CPNI. The Company likewise maintains records of its affiliates' sales and marketing campaigns that use CPNI. The Company also maintains records of all instances where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI. These records include a description of each campaign, the specific CPNI that was used in the campaign, and the products and services that were offered as a part of the campaign. The Company maintains these records in its offices for a minimum of one year.

6. The Company's policy is to maintain records of customer approval for use of CPNI, as well as notices required by the FCC's regulations, for a minimum of one year.
7. The Company's policy is to maintain records of a CPNI breach for a minimum of two years. 8. The Company has a supervisory review process regarding compliance with the FCC's rules relating to protection of CPNI for outbound marketing situations. The purpose of this supervisory review process is to ensure compliance with all rules prior to using CPNI for a purpose for which customer approval is required. Company personnel, prior to making any use of CPNI, must first consult with Ms. Breton regarding the lawfulness of using the CPNI in the manner contemplated. In deciding whether the contemplated use of the CPNI is proper, Ms. Breton consults one or more of the following: the Company's own compliance manual, the applicable FCC regulations, the FCC's Compliance Guide, and if necessary, legal counsel. Ms. Breton also reviews all notices required by the FCC regulations for compliances therewith.
10. Ms. Breton also ensures that the Company enters into confidentiality agreements, as necessary, with any joint venture partners or independent contractors to whom it discloses or provides access to CPNI.
11. Ms. Breton oversees the completion and submission of the Annual CPNI Certification and Accompanying Statement, which are due on or before March 1 each year. The Annual CPNI Certification includes explanation of any action taken against data brokers, a summary of all of our customer complaints, and an explanation of breaches.
